*With quotes from "Rear Window"*

*Intelligence. Nothing has caused the human race so much trouble as intelligence.*

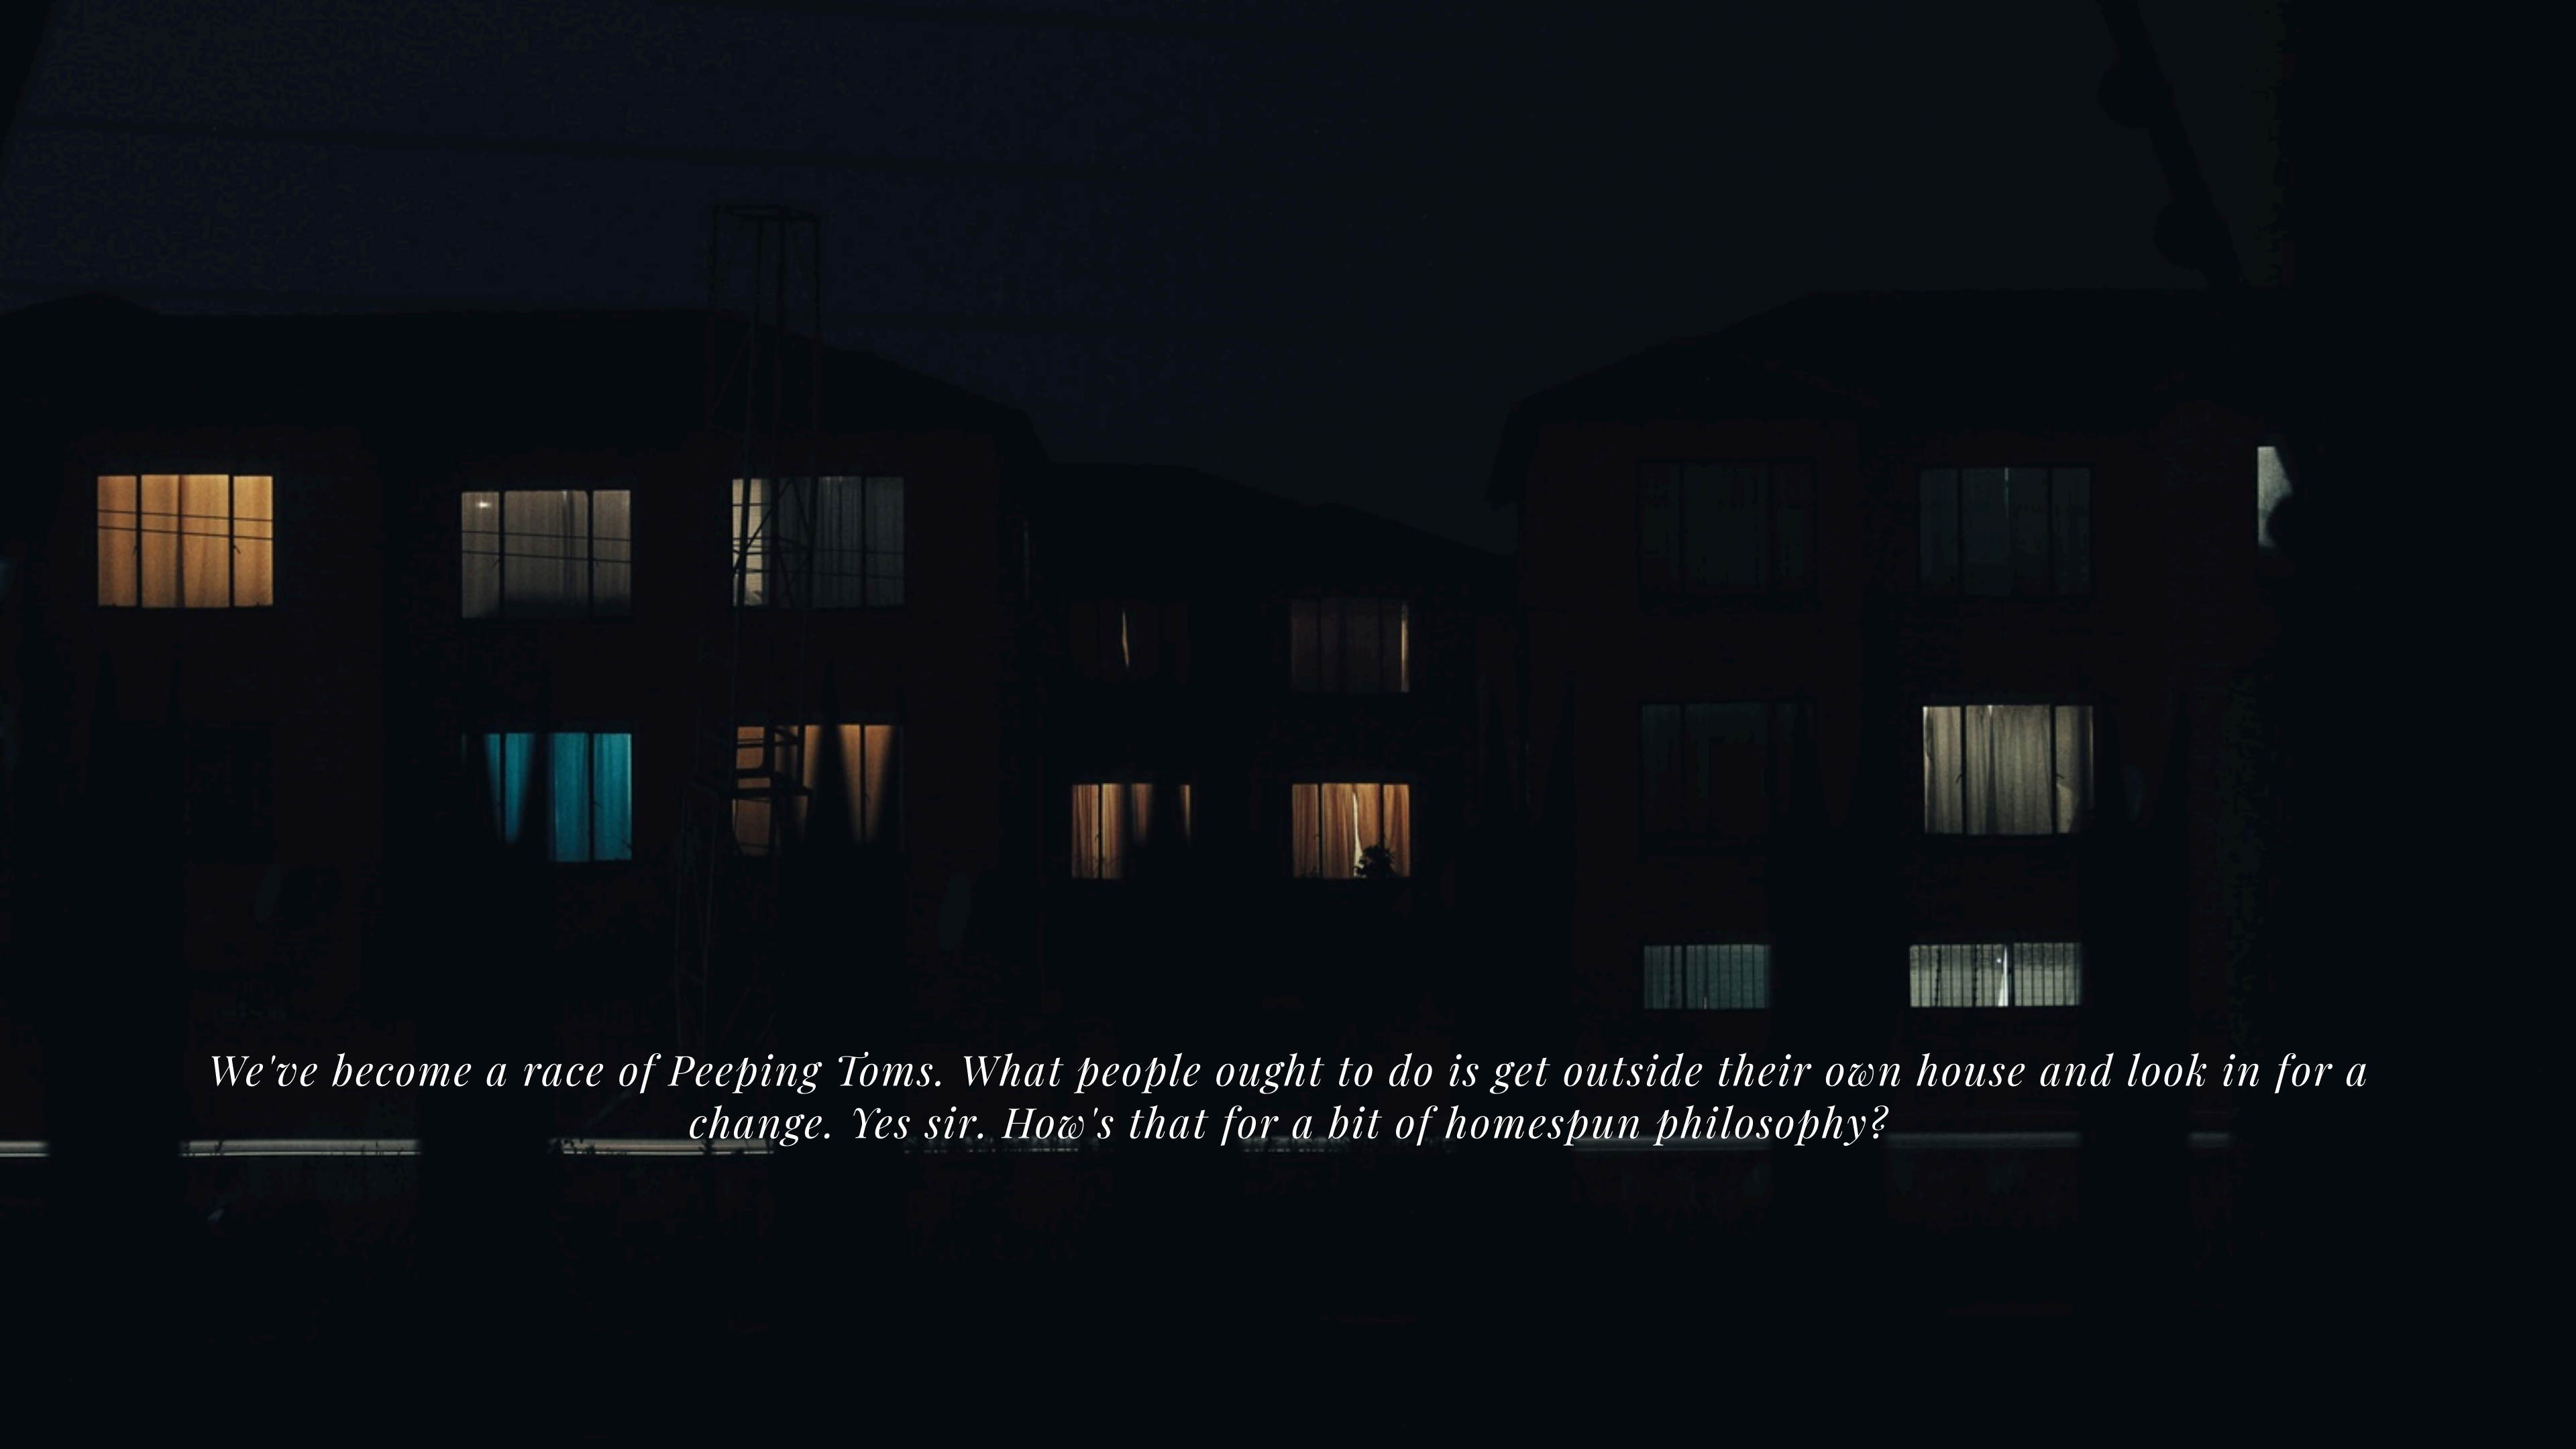

*Sometimes it's worse to stay than it is to run.*

*It's just another run-of-the-mill Wednesday. The calendar's full of 'em.*

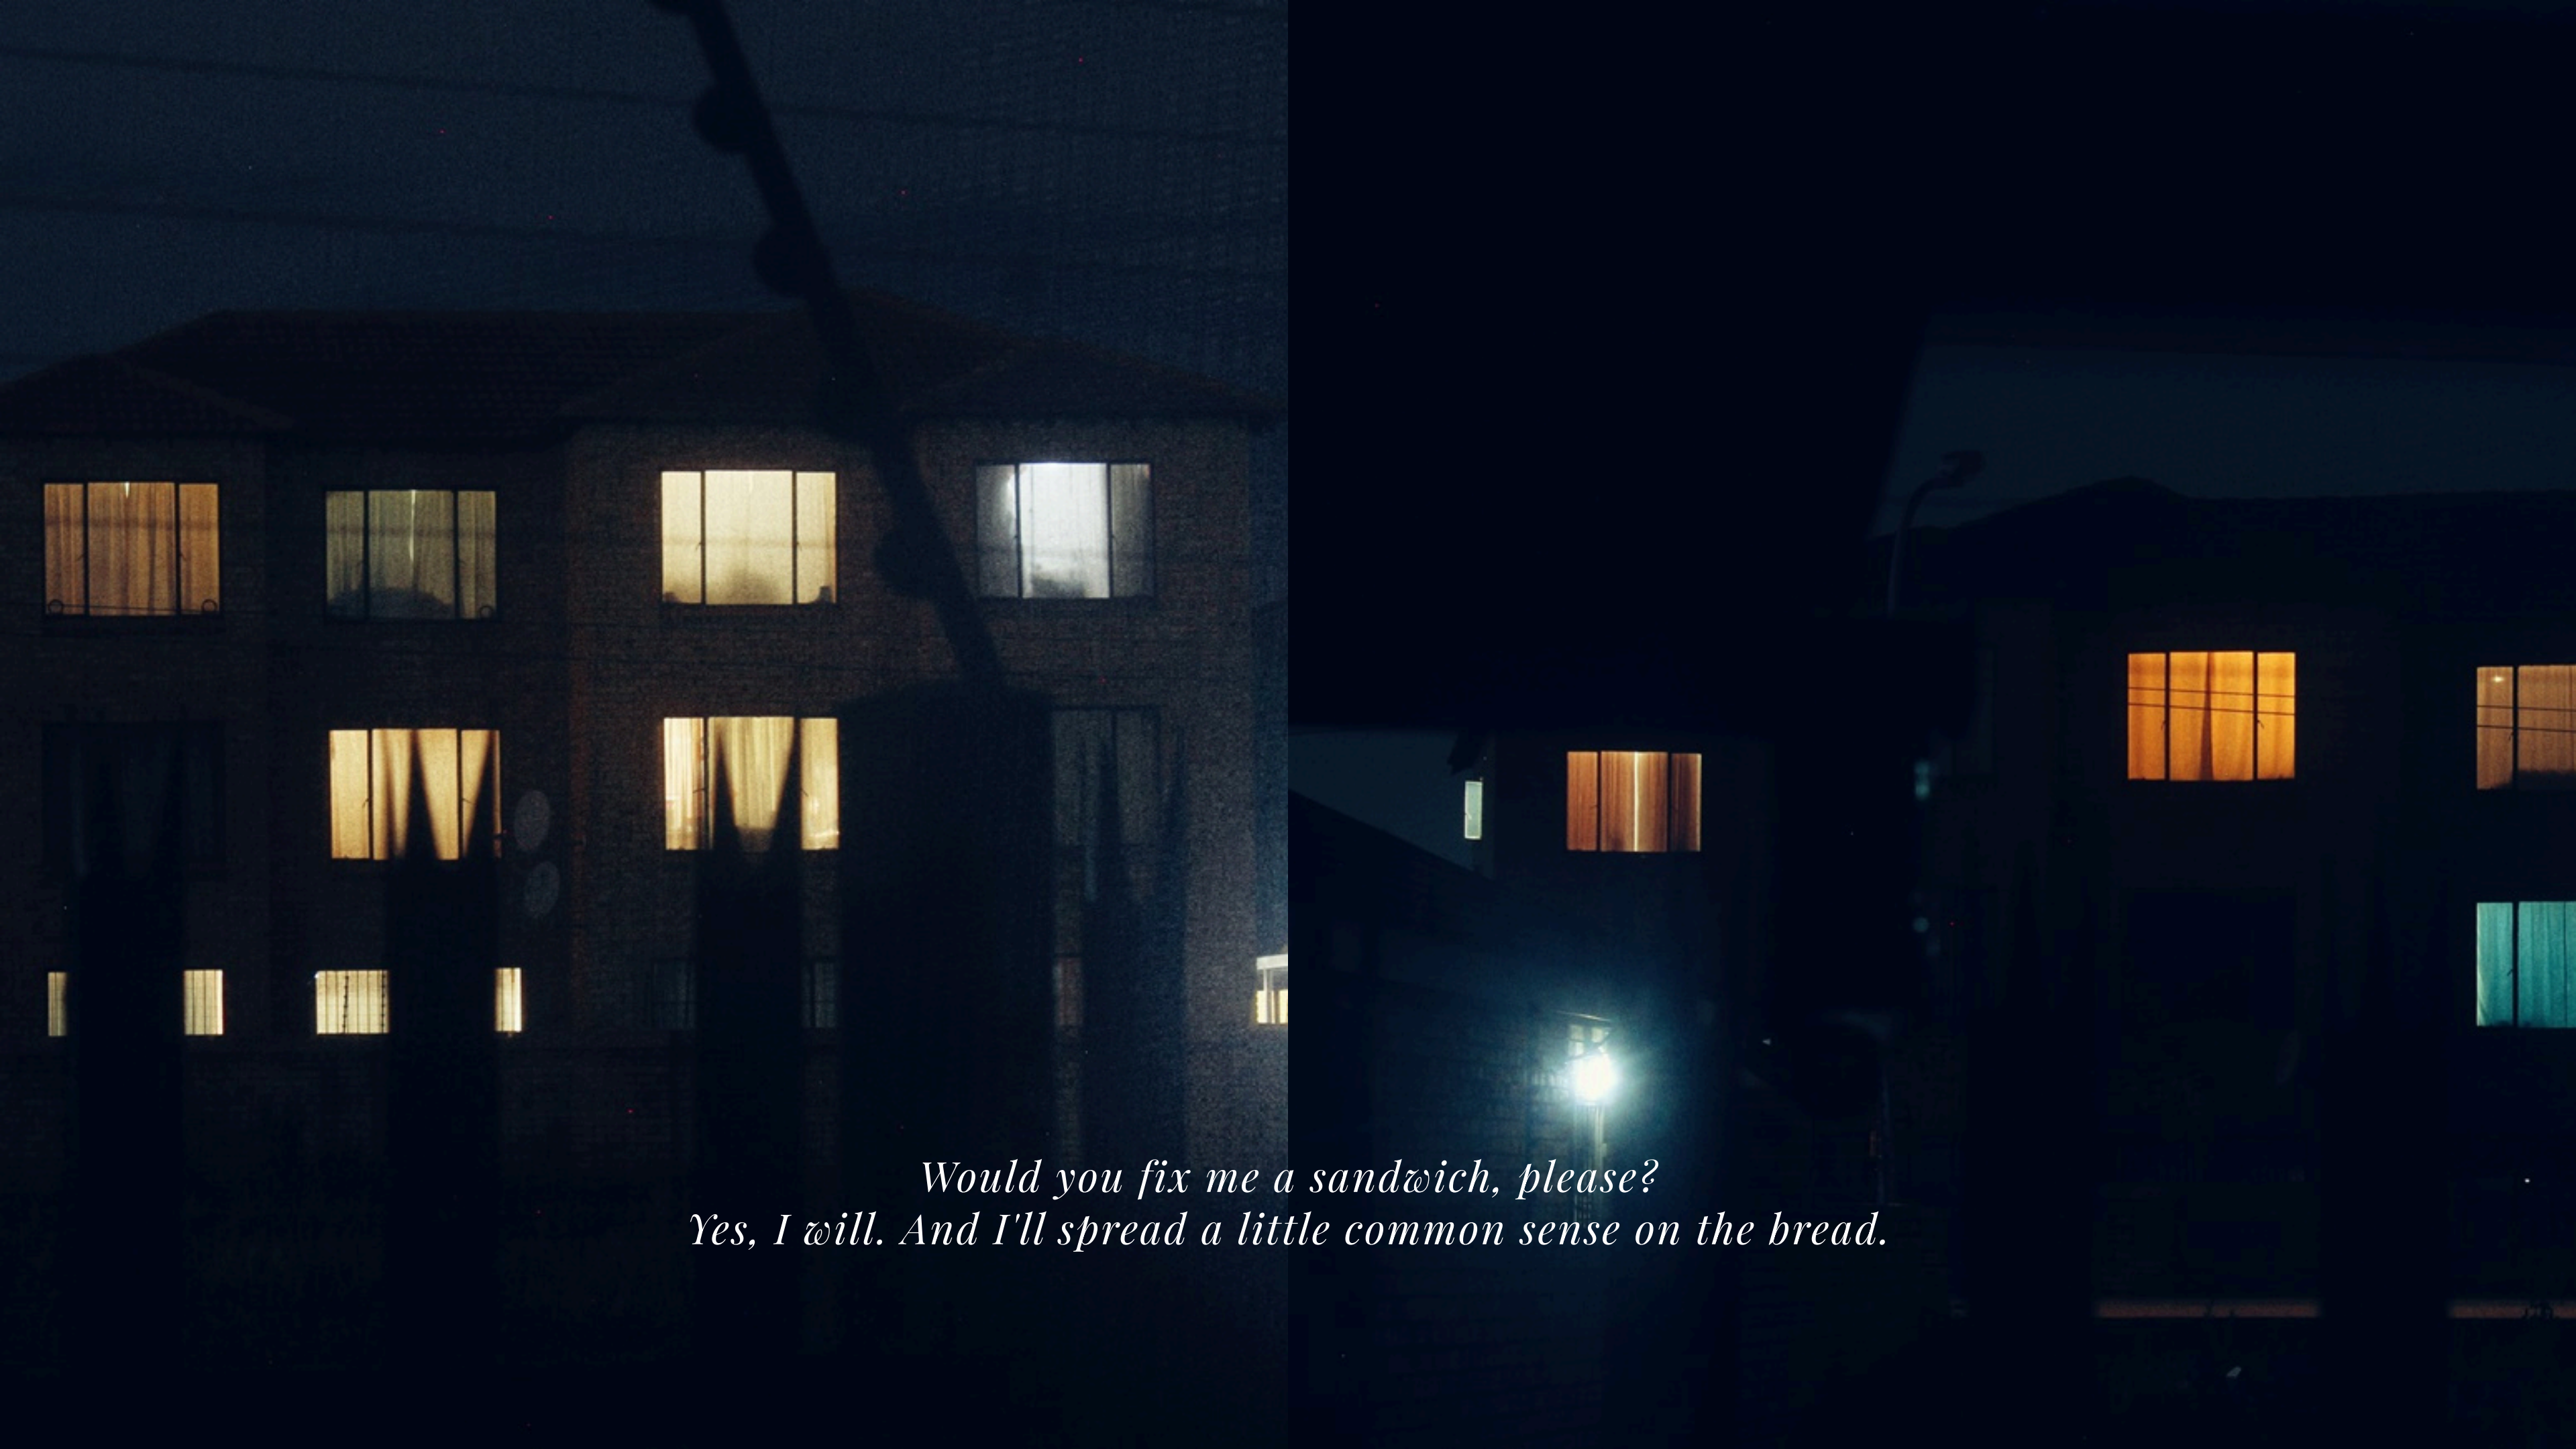

*We've become a race of Peeping Toms. What people ought to do is get outside their own house and look in for a change. Yes sir. How's that for a bit of homespun philosophy?*

*Would you fix me a sandwich, please?  
Yes, I will. And I'll spread a little common sense on the bread.*

*When am I going to see you again?  
Not for a long time..at least not until tomorrow night..*

*Tell me exactly what you saw and what you think it means.*

*Tell me exactly what you saw and what you think it means.*

*According to you, people should be born, live, and die in the same place.*
